Re: 1988 and 1989 Annual Report

Dear Mr. Braxton:

Enclosed please find the 1988 and 1989 Reports for the following mines:

Sahara
Straight Creek
Patti Ann
Standard II
Hillside
Far West
Wood
Ivy
Repete
Betty

There has been no mining at any of the mine sites during 1988 or 1989 and none is planned for 1990. Most mines are in a standby status awaiting recovery of the uranium market.

The Straight Creek, Hillside and Betty Mines were completely reclaimed in 1987 and 1988. Small bond retainages by the State of Utah exist for the Straight Creek and Hillside Mines. Bond release and permit cancellation are requested for these mines.

If you have any questions regarding this matter, please call me at our Denver office.

Sincerely,

William J. Almas
Environmental Coordinator
